Rooted in purpose

MISSION

Transforming Spaces, Enriching Lives

Ambuja Neotia believes in a future where every facet of living is elevated, where spaces are more than structures, and communities thrive. Therefore, our mission is committed to shaping environments that inspire and positively impact lives, setting new standards in quality, sustainability, and innovation.

VISION

Making a Difference to the Way People Live

Ambuja Neotia is dedicated to transforming lifestyles and enhancing the quality of life for individuals and communities. Our mission is to create spaces that go beyond conventional real estate, fostering growth, well-being, and a better future.

We aim to redefine modern living with thoughtful design, social responsibility, eco-stewardship, and a focus on long-term value creation for all we serve.

Driven by values

Design

Design is our language, and architecture is our expression. Crafting spaces that blend aesthetics, functionality, and sustainability while embracing creativity and innovation.

Innovation

At Ambuja Neotia, design is our voice. Through the interplay of form and function, we create spaces that resonate with beauty, purpose and a vision for the future.

Quality

At Ambuja Neotia, quality is our unwavering commitment. Every project, every detail, and every interaction reflect our dedication to delivering excellence.

Care

Care is woven into the fabric of Ambuja Neotia. Beyond bricks and mortar, we care for communities, the environment, and the well-being of all stakeholders.

Customer Centricity

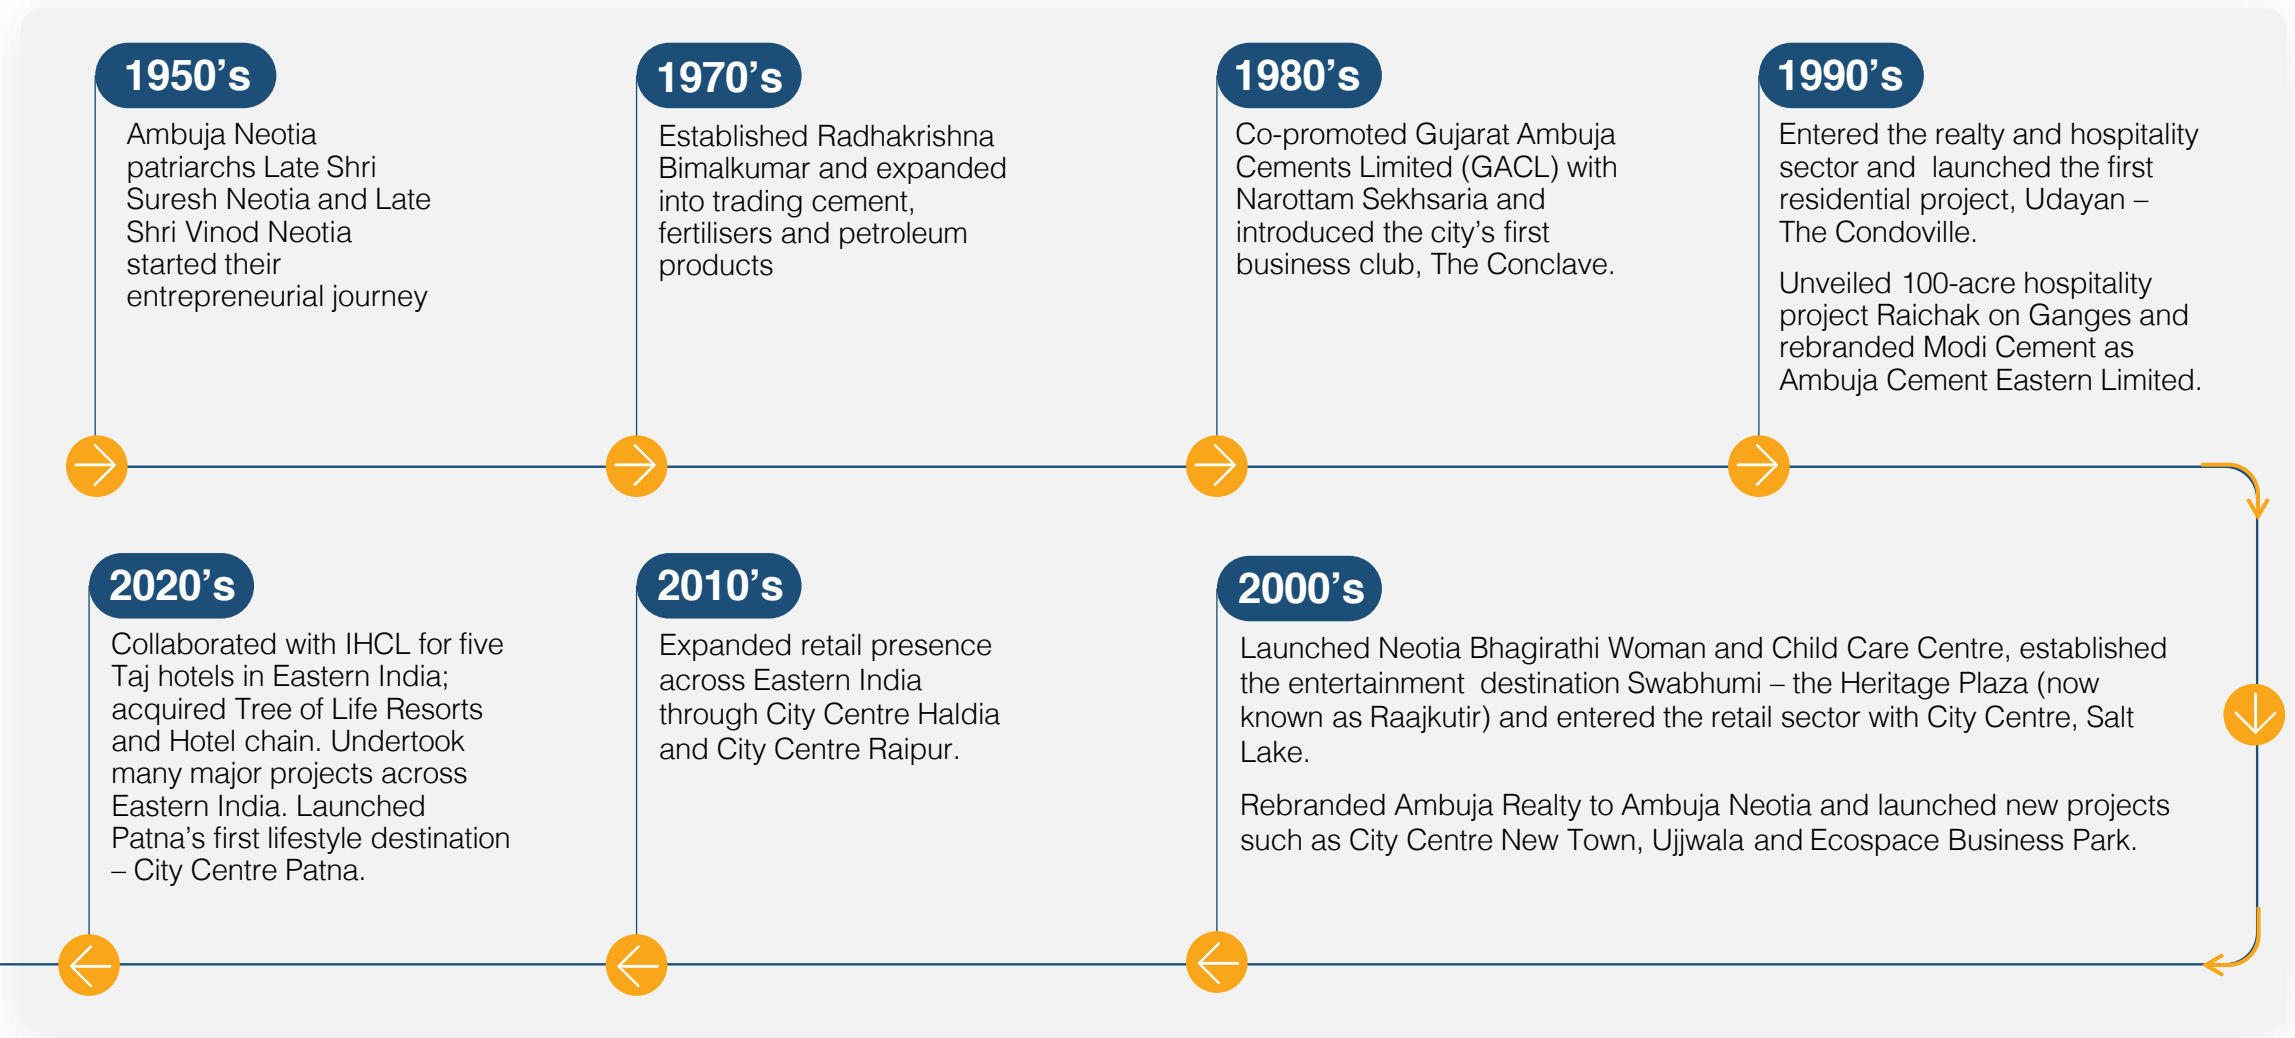

We go beyond spaces, aiming to understand and exceed expectations by keeping the customer at the heart of all plannings. Listening, innovating, and creating enriching experiences define our commitment to valued customers.

Sustainability

Promoting eco-friendly practices and incorporating sustainable design and construction methods, showing a commitment to environmental responsibility and the well-being of the planet.

Milestones in mortar

Guided by a visionary

Offering diverse choices for tomorrow's talent

The Neotia University

The Neotia University is a self-financed private university established by the Government of West Bengal. It prides itself on providing modern, comprehensive education through the choice-based credit system. It offers numerous contemporary, forward-looking, and job-oriented courses to prepare students for their future careers.

- 60-acre campus
- 52+ courses offered
- 1,500 students boarding facilities

CII-Suresh Neotia Centre for Leadership

The CII-Suresh Neotia Centre of Excellence for Leadership hones leadership skills, focusing on fostering economic and industrial growth, particularly in India's Eastern region. The centre is pivotal in developing leaders who can drive positive change and ensure the nation's progress.

- 2.5-acre campus
- 9 certification programmes

Neotia Skill Development Academy

The Neotia Skill Development Academy offers various training programmes for skill enhancement and empowerment. These programmes include tailoring courses for rural women, driving lessons, digital literacy, Business English training, beautician training sessions, LPG oven repair and maintenance, and soft toy-making training for underprivileged women.

- 7 courses across 3 disciplines
- 150 students being scaled up to 300

Setting sights on achieving education goals

5-year goals

- | 5,000+ students in the University
- | Create more employable workforce through skill development
- | Encourage and support research activities within the education vertical, fostering innovation and contributing to academic advancements

Focus areas

- | Introduce cutting-edge programmes, methodologies and technologies to deliver contemporary and relevant education
- | Creating more opportunity for industry exposure through various management training programmes and internships
- | Procurement of advanced and modern equipment for better research learning and analytical development of the students
- | Focusing on programmes accreditation and faculty development

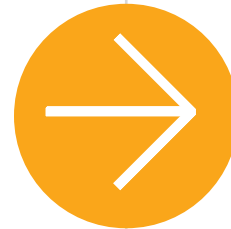

Industry overview

Ambuja Neotia – 1.0 versus 2.0

Ambuja Neotia 1.0

- | Extensive pipeline across verticals
- | Prudent debt-cum-accrual-driven investments
- | Safety-first business model with a high share of annuity revenues
- | Effective mix of projects for risk mitigation
- | Well-established brand image and recall
- | Popular partner for multiple developers across cities

Ambuja Neotia 2.0

- | Enhanced investments across all business verticals
- | Reinvestment of accrual surpluses into annuity businesses
- | Long-term revenue visibility
- | To be listed across bourses

A responsible business

Charting a course towards ecological sustainability

Use of green materials

Ambuja Neotia uses AAC blocks for masonry with a low carbon footprint and utilises >25% fly ash waste in PPC cement, contributing to environmental conservation.

Preservation and replanting of trees

Ambuja Neotia is working towards preserving and replanting trees, ensuring adequate green cover and biodiversity preservation.

Landscaping for heat island effect reduction

Ambuja Neotia ensures ample green cover on rooftops and ground to mitigate heat build-up.

Eco-friendly interior materials

Ambuja Neotia utilises recycled materials like calcium silicate/cement fibre board for interiors.

Charting a course towards ecological sustainability

Well-planned ventilation

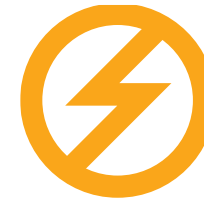

Ambuja Neotia constructs interconnected corridors that facilitate proper air flow, improving indoor air quality.

Aeration systems for ensuring fresh air circulation

Ambuja Neotia improves the air quality with carbon monoxide sensors and fresh air circulation.

Variable frequency drives for boosting energy-efficiency

Ambuja Neotia deploys variable frequency drives for optimal energy usage.

LED lighting with DC bus system for promoting safety

Ambuja Neotia employs LED lighting with a DC bus system, which enhances energy efficiency and fire safety.

Charting a course towards ecological sustainability

Zero discharge water management for improving recycling

Ambuja Neotia runs a sewage treatment plant (STP) to maximise water conservation and recycling.

Photovoltaic cells for enhancing renewable energy usage

Ambuja Neotia installs photovoltaic cells across projects to reduce reliance on fossil fuel-based electricity.

Aeration systems for ensuring fresh air circulation

Ambuja Neotia optimises water distribution to reduce wastage and ensure targeted irrigation.

Organic waste management for ushering in a greener tomorrow

Ambuja Neotia operates garbage composters to handle organic waste and produce organic fertilisers.

Rainwater harvesting and groundwater recharge for meeting daily needs

Ambuja Neotia has created natural tanks and recharge systems for sustainable water management.

Inspiring change.
Empowering lives.

Relentlessly striving to achieve great heights

What do we do?

Making a difference to the way people live

Making a difference to the way people shop

Making a difference to the way people work

Making a difference to the way people unwind

How do we do it?

- Focusing on open spaces and integrate nature into design
- Look at virgin locations both outside and inside the city to create a modern urban ecosystem
- Blending traditional elements with contemporary aesthetics to create unique retail experiences
- Creating workspaces with multiple socialising and unwinding zones amidst nature
- Emphasising on vernacular architecture at scenic locations with culturally diverse cuisines

What do we achieve?

- Achieved IGBC Platinum rating Green Building for a flagship condominium project
- Built integrated townships enabling sustainable community growth
- Developed the first-of-its-kind shopping destination with an open bazaar concept and replicated the same across 6 locations
- Developed a one-of-its-kind nature integrated business park that celebrated the concept of 'work-life' balance
- Created boutique experiences in offbeat leisure locations like Raichak, Kurseong and Pangthang

Relentlessly striving to achieve great heights

What do we do?

Making a difference to the way people heal

Making a difference to the way people learn

How do we do it?

- Using state-of-the-art infrastructure in a safe friendly and caring environment
- Train future caregivers as per the highest industry standards
- Imparting knowledge and providing support for an individuals holistic development
- Ensuring industry participation to make education contemporary and experiential
- Using research & development for improvement of productivity and life

What do we achieve?

- Created a benchmark in mother and child care
- Left a mark as a multispecialty hospital in North Bengal
- Emerged as an outstanding healthcare brand known for its reliable, safe and patient-centric comprehensive healthcare services
- Made a noteworthy contribution in the national academy sector by producing and engaging with new teaching and learning materials and methods
- Helped our students evolve into more able individuals ready to face any challenge in life
