AUG, 2025

Chairman's Message

If months had music, August would be a monsoon raga — the sky heavy with clouds, the earth drenched in rain, thunder rolling like a drumbeat of renewal. It is Sravan, when the rivers swell, the air is charged, and the spirit turns inward toward penance, prayer, and reflection. And yet, within this quiet rhythm, August is also a festival of bonds and celebrations — of friendship, of sibling ties, of divine play, and of freedom.

We began with Friendship Day and Raksha Bandhan, reminding us of the simple, enduring joys of standing by one another. The month brought the sacred footfalls of kawariyas walking miles with devotion, and the joy of Janmashtami — Krishna's birth, playful yet profound, an eternal reminder that love and lightness belong at the heart of our lives. Soon, Ganesh Chaturthi will arrive, with its promise of new beginnings, wisdom, and community.

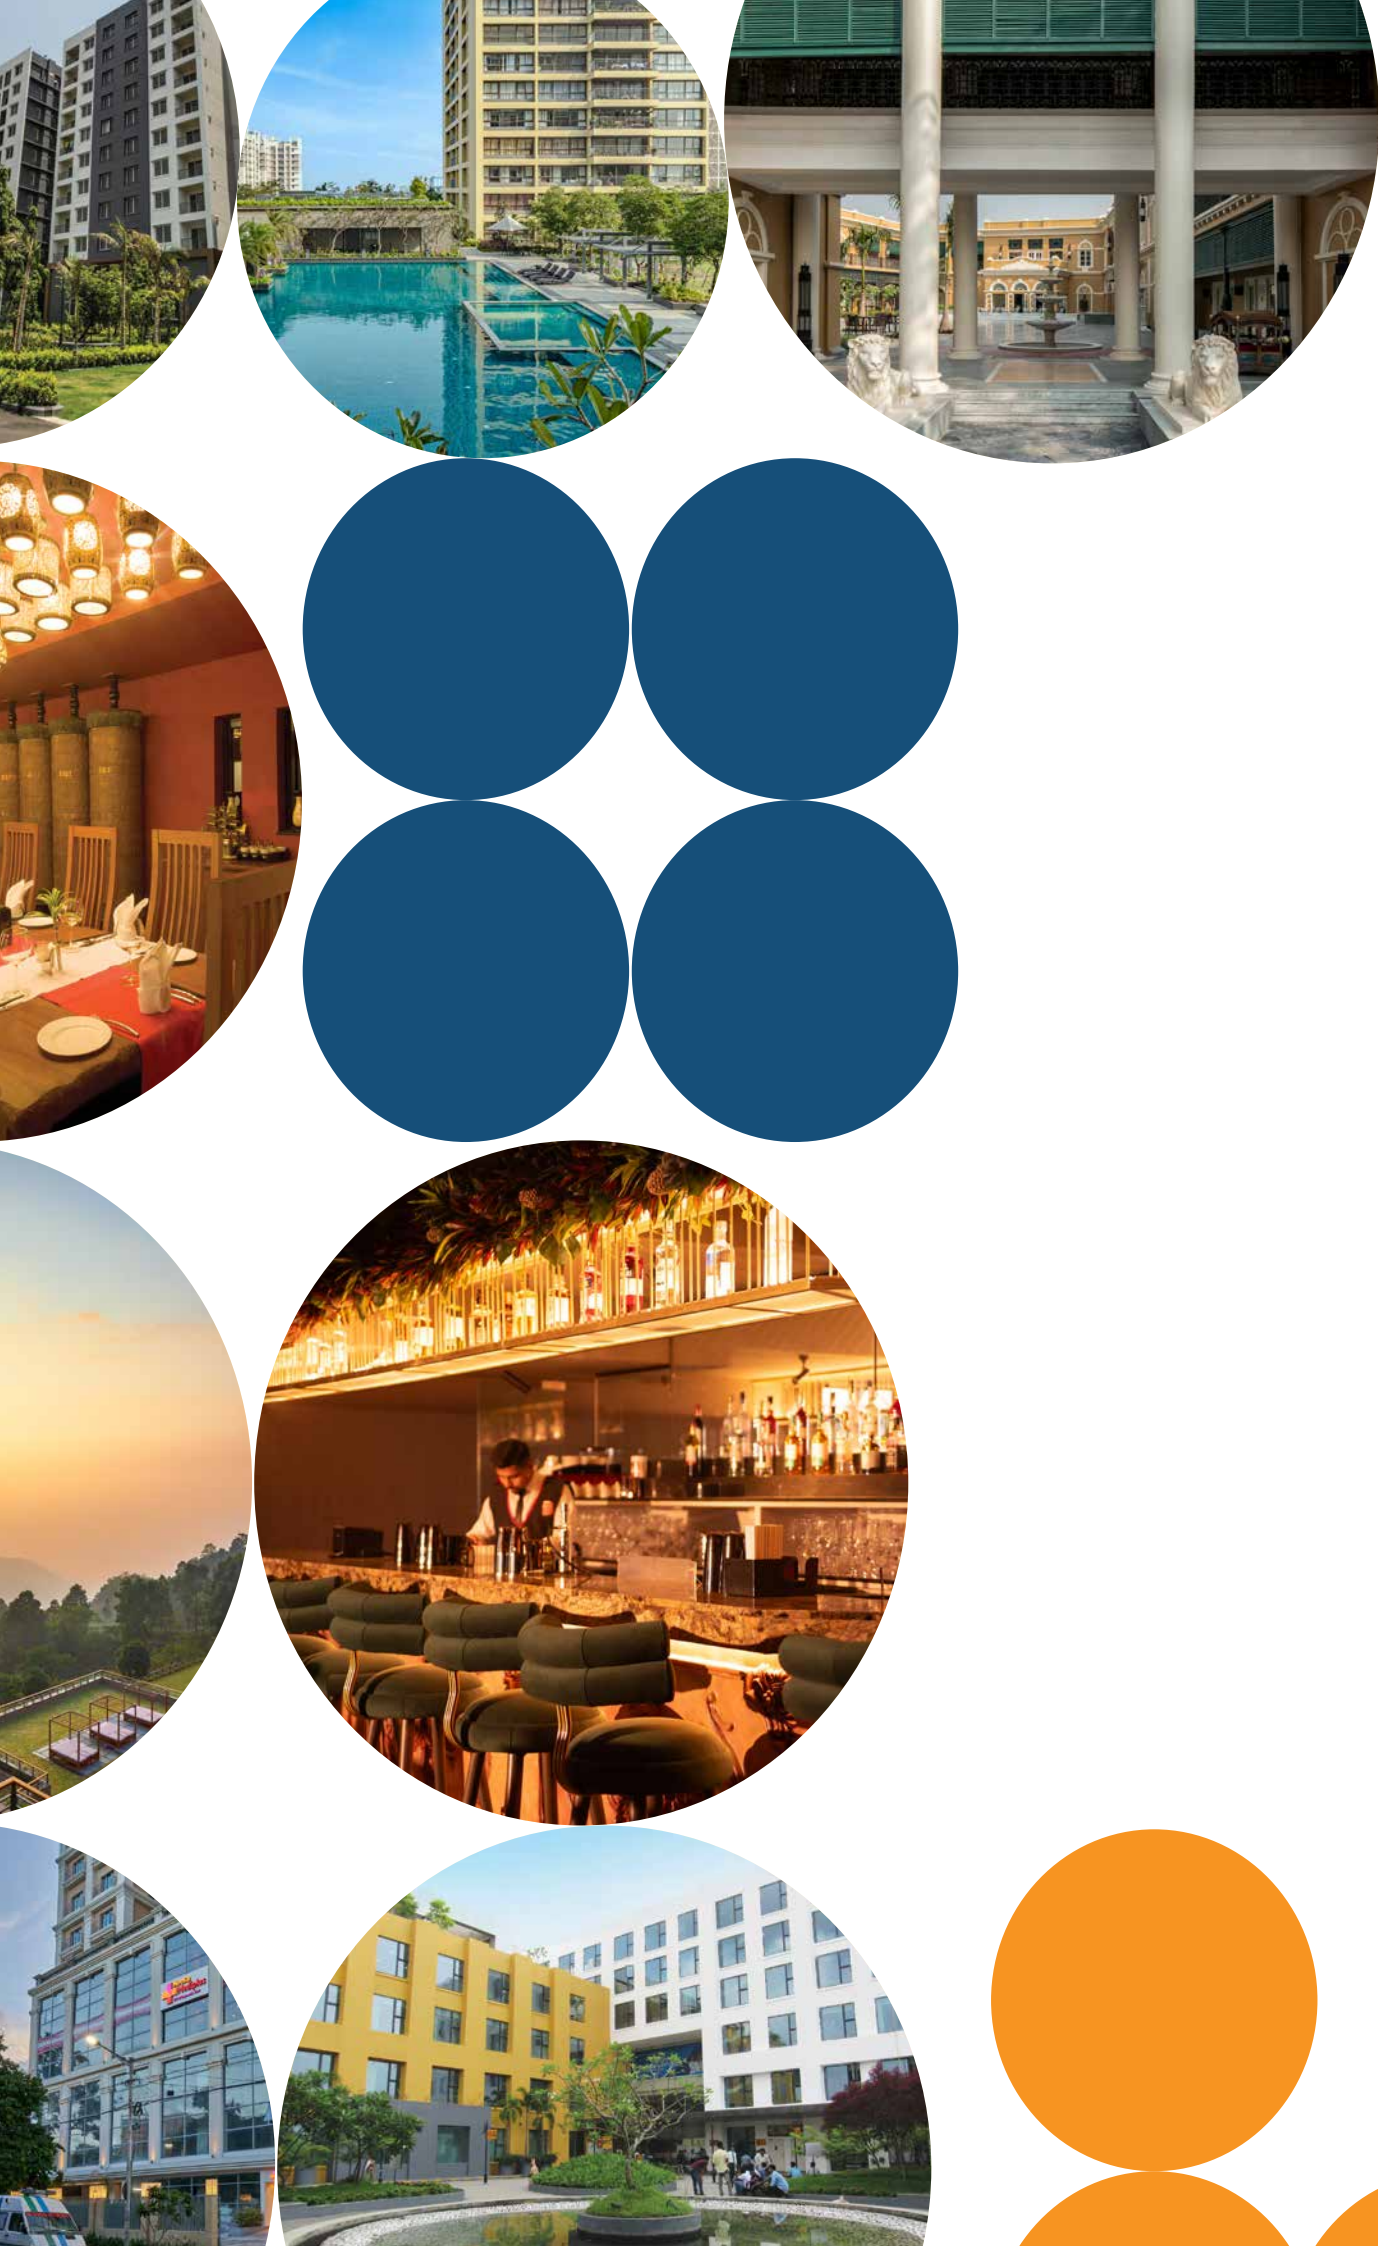

And at the heart of August lies the truest note of all — the spirit of freedom. Independence Day reminds us that liberty is not just a legacy, but a living flame, one we must nurture with courage, responsibility, and hope.

Before the month closes, National Sports Day will echo the same spirit — discipline, teamwork, and the thrill of pushing beyond one's limits. August, in its many shades, teaches us that bonds, devotion, and freedom are not separate notes but part of the same song.

May we carry this song within us — a monsoon tune of love, faith, and freedom — as we step into the days ahead.

Healthcare in India has made remarkable strides over the decades, yet vast swathes of the country — particularly in the Northeast — continue to grapple with gaps in access, infrastructure, and specialised care. Women and children, often at the heart of these challenges, remain especially vulnerable. It is against this backdrop that Ambuja Neotia Healthcare Venture Limited has taken a decisive step forward, unveiling a state-of-the-art hospital in the heart of Guwahati.

Spread across 76,140 sq. ft., this new 100-bedded hospital — Neotia Bhagirathi Woman

and Child Care Centre — is designed with a singular vision: to make affordable, advanced, and compassionate healthcare accessible to families across the region. The focus is clear — strengthening women's and child healthcare while offering the reassurance of comprehensive medical services under one roof.

At its core, the hospital is built around specialties that matter most to families — obstetrics, gynaecology, neonatology, paediatrics, and reproductive medicine. Complementing these are robust diagnostic and emergency services, ensuring that care is not just specialised but also seamless.

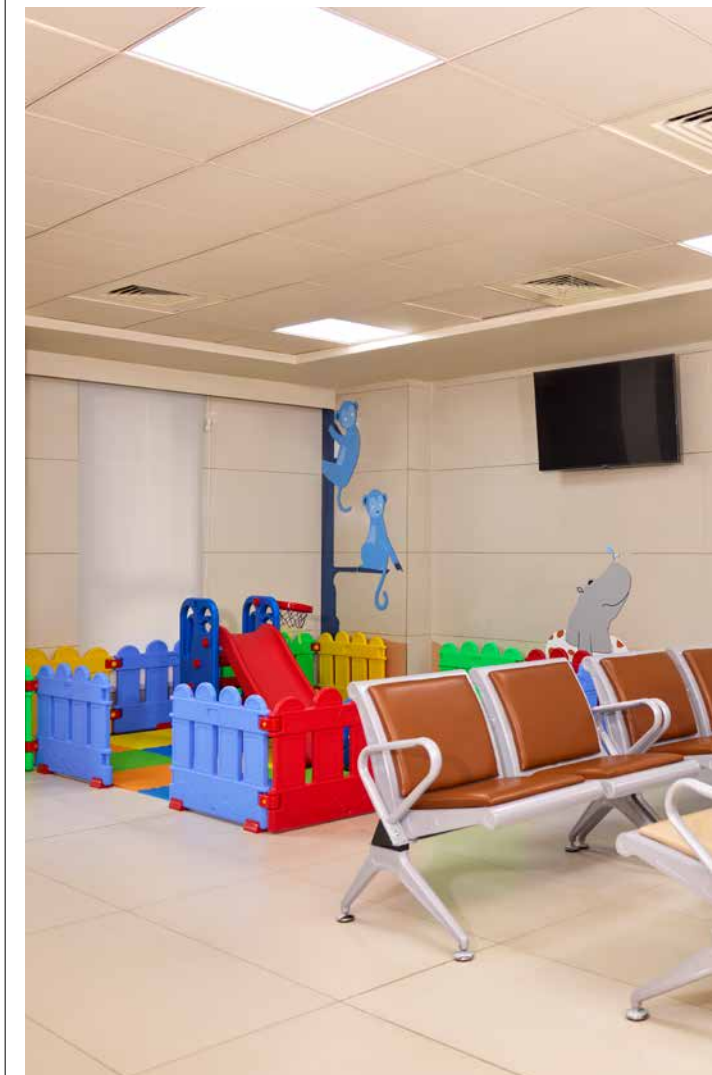

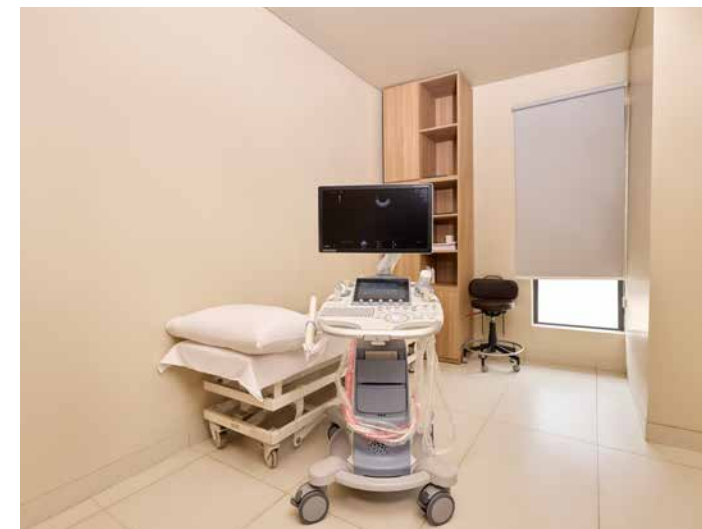

A New Chapter in Healthcare for the Northeast

NeoFocus

Some of the defining features include:

- An 18-bedded NICU and SCBU, with isolation beds for the most delicate cases.
- A 6-bedded paediatric ward designed for comfort and round-the-clock care.
- Flexible accommodation with 30 single-bed cabins, 15 twin-sharing cabins, and 3 four-bedded units.
- Comprehensive maternity facilities—from labour rooms to well-baby nurseries, backed by modern pre- and post-op care.
- 24x7 diagnostics spanning radiology, pathology, microbiology, and a full-fledged histopathology lab.
- Preventive health check-up packages for every stage of life.

NeoFocus

Equipped with advanced medical technology and staffed by skilled professionals, the hospital seeks to set a new benchmark in patient-centric care for the region.

The inauguration marked a moment of significance, graced by Assam Chief Minister Himanta Biswa Sarma, alongside Harshavardhan Neotia, Chairman of Ambuja Neotia Group, and Parthiv Neotia, Joint Managing Director, Ambuja Neotia Group and Executive Director, Ambuja Neotia Healthcare Venture Limited. Their presence underscored the promise of this new beginning: a collaborative effort to bring next-generation healthcare closer to the people of Assam and beyond.

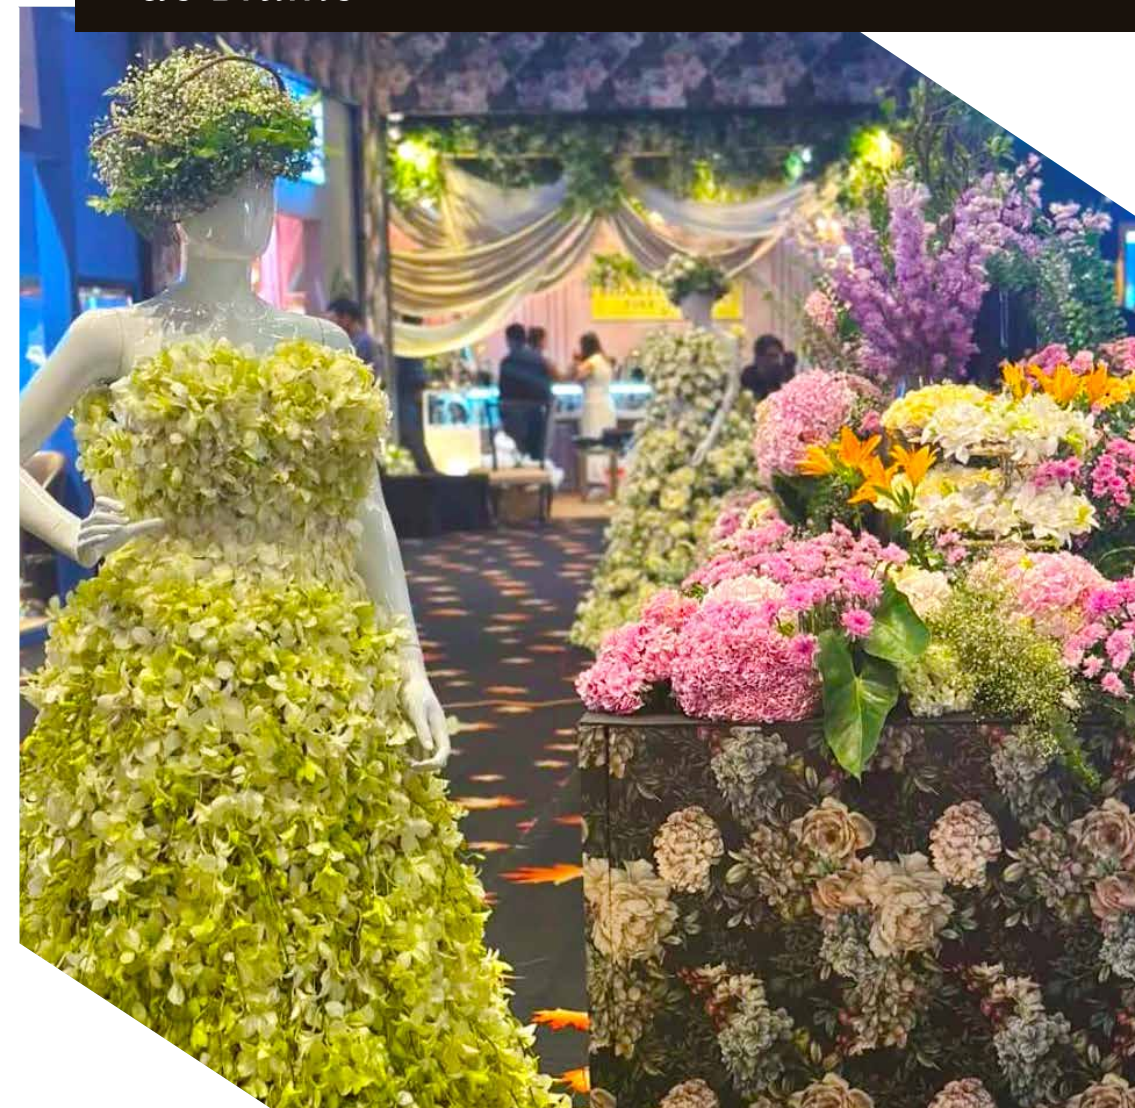

During the inauguration, Ambuja Neotia Chairman Harshavardhan Neotia, said, "The inauguration of the hospital represents an important turning point for us as we extend our footprint into the north-eastern region. Having built a trusted legacy in woman and child healthcare across eastern India, this expansion underscores our commitment to enhancing access to quality healthcare in emerging regions." Through this facility, we aim to bring advanced clinical care, cutting-edge technology and specialised services to women and children not only in Assam but across the neighbouring states, he added.

For Ambuja Neotia, this venture is more than just an expansion — it is a commitment to the Northeast. A recognition that the region deserves the very best in medical infrastructure, and that compassionate healthcare should never be out of reach.

Transforming Classrooms, Spreading Joy

In July, the Ambuja Neotia CSR team worked with two government schools near the Utalika project to create more child-friendly classrooms. At Charankabi Mukundadas High School, where the number of benches was insufficient for the students, we arranged for 20 iron-made high and low benches, much to the joy of the children. The nearby Charankabi Mukundadas Primary Vidyamandir, though adjacent, functions under a separate government department and had classrooms in a dilapidated state requiring urgent attention. We began by repairing two classrooms with brick and mortar, followed by painting them with engaging educational elements. The transformed, vibrant spaces have brought colour to the walls and joy to the tender minds within.
