

Chairman's Message

There is a certain tenderness in the air right now that I find myself pausing to breathe in. It isn't the full bloom of summer yet — just a hint. A softer light hitting the façade of our buildings, a gentler breeze off the Hooghly, and that quiet, unmistakable promise that something new is unfolding.

We opened February with Vasant Panchami, a day that has always been close to my heart. As we welcomed the goddess of learning and the arts, I was reminded that spring does not rush; it matures. It teaches us that true creativity and renewal often begin in that hushed silence before they take a visible, vibrant form. It is a season that demands the courage to begin again, much like a fresh canvas or a new foundation.

Then, midway through the month, we observed Maha Shivaratri. If spring is about the outward blossoming of the world, Shivaratri is the inward journey. For me, it is a night of profound stillness and alignment. It serves as a gentle correction to our fast-paced lives, reminding us that growth isn't just about colour and celebration — it is sustained by the discipline of reflection. In that delicate dance between energy and restraint, we find our true balance.

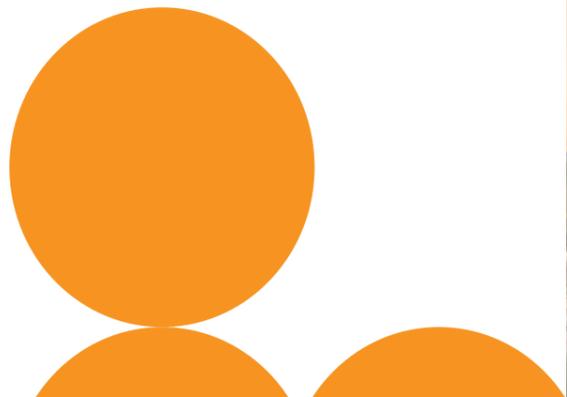

Now, as February draws to a close, my thoughts are already drifting toward Holi in early March. I've always believed that life is meant to be experienced collectively. Holi is that beautiful moment where our differences dissolve into a kaleidoscope of laughter, and our bonds are strengthened through shared joy.

Spring, austerity, and colour — February weaves these threads with such grace. It reminds us that life moves in a natural rhythm: from solitude to community, from quiet preparation to vibrant expression.

May this season inspire you to nurture the spark within, cherish the people beside you, and step into the coming days with a renewed sense of warmth and optimism.

A Vertical Neighborhood of Balance: Introducing Udyatt Luxury

The skyline off the Eastern Metropolitan Bypass has found a new silhouette. Udyatt, our latest residential landmark, is not just another high-rise; it is a "vertical neighbourhood" designed to bring a sense of calm and breathable luxury to the heart of the city's most happening connectivity hub. It marks an important milestone in our journey of creating thoughtful, human-centric spaces.

The architecture moves away from the rigid constraints of traditional high-rises. Instead, it invites the city in through a design shaped by openness and balance. At Udyatt, light, air, and nature are not mere additions — they are integral to the blueprint. The result is a single, iconic G+31 tower where spaces breathe naturally, allowing residents to find a quieter rhythm above the bustling city.

The Architecture of Life

Inspired by the philosophy of the legendary Pritzker Prize-winning architect B.V. Doshi and designed by his firm, Vastu Shilpa Consultants, Udyatt is built on the principle of putting "life before form."

Low-Density, High-Prestige

In an era where urban spaces are increasingly crowded, Udyatt stands out for its exclusivity. Spread across a lush 2.60-acre land near Chingrighata, the Udyatt features only 94 limited-edition residences.

These expansive 3 BHK and 4 BHK apartments, ranging from 3,438 to 3,613 sq. ft., are designed for those who value privacy and well-being as the ultimate luxury. With intelligent layouts and superior cross-ventilation, each home provides a sense of scale and openness that is a rare find along the EM Bypass corridor.

At the Center of Everything

Strategically located near the Chingrighata junction, Udyatt offers seamless "access points" to the city's most vital zones:

- The IT Hub: Just 7 minutes from Sector V.
- Leisure & Hospitality: Within easy reach of Science City, ITC Sonar, and JW Marriott.
- Healthcare & Education: Minutes away from premier institutions like Apollo and Manipal Hospitals.
- Connectivity: A 30–40 minute drive to the Kolkata Airport and effortless access to South Kolkata and Salt Lake.

Elevated Living: The Amenities

Life at Udyatt extends beyond the four walls of the apartment. The development is equipped with premium lifestyle amenities designed for recreation and wellness:

- Rooftop Sky Lounge: A space to unwind with panoramic views of the city skyline.
- Wellness & Fitness: A state-of-the-art gymnasium, yoga and meditation zones, and a swimming pool.
- Social Spaces: A designer banquet hall and community spaces for meaningful celebrations.
- Niche Recreation: Dedicated

features like a Pickleball court, a pet park, and safe play areas for children.

A Future-Ready Legacy

Vaastu-aligned and designed with intention, Udyatt is a meaningful addition to Kolkata's evolving skyline, representing a future-ready investment. With just 94 residences, the focus here is not excess, but proportion. Not noise, but thoughtful living. It a promise of a refined lifestyle where heritage meets modern design.

The possession of the apartments is being scheduled for December 2030. For those seeking an address that balances the vibrancy of the city with the tranquillity of a home that breathes, Udyatt is the ultimate destination.

The Department of Fisheries at The Neotia University recently observed World Wetland Day with a dedicated programme focused on the critical importance of wetland conservation and ecological balance. The event was graced by Dr. B.K. Das, Director of ICAR – Central Inland Fisheries Research Institute, who served as the Chief Guest. During the session, Dr. Das shared valuable insights on the sustainable development of aquatic ecosystems and the necessity of responsible resource management.

Neo Education

The Neotia University recently conducted its 4th Annual Convocation Ceremony, a landmark event that welcomed graduates back to their alma mater to receive their hard-earned medals and degrees. The ceremony was a celebration of academic perseverance and success, providing a formal stage to honour the achievements of the latest graduating cohort. The occasion was graced by Prof. Anuradha Lohia, renowned Molecular Biologist and former Vice-Chancellor of Presidency University, alongside the Hon'ble Chancellor, Harshvardhan Neotia. Both dignitaries congratulated the students on their exemplary performances, inspiring them to carry the university's values of excellence and integrity as they step into their professional journeys.

The Photography, Fashion, and Dance Clubs of The Neotia University recently collaborated to host the 'College Club Talent Showcase', a dynamic celebration of student creativity and skill. The event featured high-energy performances across various segments, including ramp walks, dance routines, and photography exhibitions, providing a powerful platform for students to express their artistic flair. Beyond the performances, the showcase fostered a vibrant sense of campus spirit and confidence.

The Neotia University recently celebrated a significant academic milestone as Sangita Sau, a 6th-semester BA LLB student at the School of Legal Studies, published her first book chapter. Titled 'Understanding Gender: Meaning, Concepts and Key Theories', her work offers a nuanced socio-legal perspective on inclusive education. The eBook, published by VerseWave Publishing House, was formally released at the 49th International Kolkata Book Fair.

HR Corner

The NKDA Stadium recently buzzed with energy as 12 teams competed in a series of 13 exciting matches during a day-long cricket tournament. The event was filled with spirited performances and strategic gameplay, showcasing outstanding sportsmanship from all participating teams. After a series of thrilling encounters, Ecospace Business Tower emerged as the Tournament Champions, with PCSL Falta securing a well-deserved Runners-Up position. The tournament was a true reflection of teamwork, resilience, and unity.

HR Corner

Team HR recently hosted a gathering to celebrate colleagues born in January, bringing everyone together for an afternoon of camaraderie and joy. The event featured a selection of delicious snacks and refreshing beverages, set to a lively playlist of everyone's favourite songs. The room was filled with laughter and heartfelt wishes, ensuring our birthday stars felt truly cherished by the team.

Team HR recently conducted a Safety Training Programme for employees at Takshashila, Ecospace Corporate Office, in collaboration with the Ministry of Labour & Employment, Government of India. Organised by the Dattopant Thengadi National Board for Workers Education and Development (DTNBWED), Regional Directorate, Kolkata, the session reinforced the Group's commitment to a secure and compliant workspace. The interactive programme focused on identifying workplace hazards, preventing accidents, and understanding statutory safety provisions.

Neo-Ruggers: Empowering Youth Through the Spirit of Rugby

Ambuja Neotia has recently launched "Rugby – Pathways for Change," a transformative CSR initiative designed to empower young girls in the vulnerable community of Dhapa, Kolkata. In an area where youth often face challenges like early school dropout, substance addiction, and digital gambling, the introduction of Rugby serves as a powerful positive force. Beyond the physical sport, the initiative aims to instil discipline, resilience, and leadership, providing the participants — now proudly known as the Neo-Ruggers — with the tools to make safer, stronger life decisions.

Implemented in collaboration with the Development Action Society (DAS), the programme currently supports 30 children with sessions held thrice a week. This holistic model goes beyond the field, integrating academic support and digital literacy to ensure a well-rounded path toward future livelihoods. For the Neo-Ruggers, Rugby is more than a game; it is a vehicle for breaking social barriers and building a more resilient, empowered community.
